

How do I sign up for a Canvas account as a parent?

Parents can sign up as an observer in Canvas. Observers can link their Canvas account to their student's account so they can see assignment due dates, announcements, and other course content. Observers can view the course content but cannot participate in the course.

This lesson is for parents who do not have a Canvas account and want to observe their students in their courses. In order to create a Canvas account, you will need the [Canvas URL](#) associated with the school where your student is enrolled.

Notes: To observe a student, you must have a [student pairing code](#).

Once you have an account, you may be able to view student information through the Canvas Parent app. Access to the Canvas Parent app is controlled by the student's school. If you already have an account from your student's school as an observer, you can always view student information through the Canvas Parent app.

Open Canvas URL

You can link to the Shelton High School Canvas site through this link. You can also link to it through our school web page: [SHS CANVAS](#). Just click on the blue Canvas icon.

Note: If you cannot get to your school's Canvas link, contact your student's school.
